

FOR BARS, RESTAURANTS & VENUE PARTNERS

Give game night a home.

One more reason for your regulars to play together.

YOUR VENUE. THEIR CREW. SHARED BRAGGING RIGHTS.

Turn phones into part of the night. Run a sports pool, bring a small group into a party game, or lead a room full of trivia teams. Guests use their own phones; your venue gives them a place to gather.

PARTNER WITH LINKS

Make it your venue's night.

PUT YOUR BRAND IN THE EXPERIENCE

Provide your approved logo, address, website and optional offer. LINKS can set up partner branding, co-branded invitation materials and location-aware offers on supported game pages. Venue-linked party and trivia rooms can show standings for that venue.

Location matching requires permission and may need confirmation indoors. Venue standings are grouped by game and format; games use different scoring systems.

FROM YOUR TV TO THEIR PHONES

1 Plan the event

Choose your game, host and access package. Confirm setup with LINKS.

2 Invite the room

Display the room's join QR code or share its invitation. Guests enter their name or team name.

3 Use a shared display

Where available, open TV display / Big screen on a laptop connected by HDMI, or use supported casting. Players keep their phones upright.

4 Keep the night moving

For hosted trivia, start questions, reveal answers, show standings and finish with a final round.
